

Power Trader with a Focus on Short-Term Energy Markets

The Role Overview:

We are on the lookout for a Power Trader who not only has a deep passion for the energy markets but is also adept at navigating the intricacies of short-term trading. This crucial role is designed for those who thrive in dynamic trading environments, are eager to implement technology-driven trading strategies, and appreciate the critical role of teamwork in achieving success. With a focus on real-time asset optimization, we value problem solvers who can adapt and thrive in rapidly changing market conditions.

Key Responsibilities:

- Monetize flexibility day-ahead, intraday and ancillary services markets to optimize the value of our assets.
- Utilize and interpret data from in-house optimization tools.
- Harness your knowledge of weather and gas market dynamics for informed trading decisions, particularly focusing on spark spread optimization.
- Foster a culture of teamwork, recognizing that success in short-term trading is a collective effort requiring shared strategies and goals.

Requirements:

- Someone who believes they can become short-term trader (no experience needed).
- Basic coding skills are an advantage but not a necessity.
- A problem solver and risk taker at heart, capable of navigating complex challenges and dynamic market conditions.
- Ready to embrace flexible 24/7 shift patterns, with team members selecting shifts based on their preference.
- A proficient communicator and dedicated team player, committed to fostering collaborative trading strategy development.
- English at an advanced level, Czech at a communicative level.

We Offer:

- A pivotal role within our team, where your contributions significantly impact our trading success. This includes a profit-sharing scheme that rewards your efforts.

- A trading environment designed for focus and efficiency, aiming to minimize distractions and enhance productivity.
- Comprehensive access to market data to inform and refine your trading decisions.
- A competitive salary, reflecting the seniority of the role.
- Superior employee benefits: bonuses/premiums, 5 weeks of vacation, sick-days, meal vouchers, sport/culture/leisure allowance, free language courses, mobile phone, laptop, pension/life insurance allowance, flexible start /end of working hours, training/educational courses.
- A modern office in Prague with convenient parking.

How to Apply:

Interested candidates are invited to submit their resume and a cover letter detailing their experience, qualifications, and why they believe they are the right fit for this role.
